

INTRODUCING

CLUB RE-CONNECT

The SALT Club Re-Connect Program is an interactive, online presentation that digs deep into how your club community is traveling right now and equips you to support one another into the future.

Through a newly developed and highly informative live quiz, the SALT presenter will establish what the main issues are for each group and will flexibly respond, teach, and connect.

Issues such as loneliness, anger, financial hardship, relational problems, alcohol abuse, and more can be covered.

Every person will have access to further resources to take away from the session and the participants will formulate an action plan to care for each other and the club into the future.

Suitable for ages 15+
Clubs may be eligible for funding.
